FLY ALLIANCE TAKES OWNERSHIP OF NEW CITATION XLS GEN 2

[ORLANDO, Florida, June 7, 2023] — Fly Alliance is pleased to announce that they have taken ownership of their first Cessna Citation XLS Gen 2. Tail number N500WG will be available for charter effective immediately. This aircraft will be the second Citation added to the Fly Alliance fleet, joining the Citation XLS put into operation earlier this year.

The Citation XLS Gen2, which can carry up to eight passengers at 441 knots for 2,100 miles. It is aimed at the business executive market, for those who want to travel in comfort, maintain productivity, and reach their destination quickly. The aircraft has a state-of-the-art glass cockpit and it is powerful, responsive and rewarding to fly.

“We want to reiterate to our valued customers that no matter what type of trip you are planning, we have the perfect jet for you,” said Kevin Wargo, CEO and Co-Founder of Fly Alliance. “With this new Citation XLS Gen 2 being added to our fleet, we believe that our customers can continue to choose a luxury jet that suits their needs and meets their overall private flying experience. This brand-new aircraft will play a vital role in continuing to put our customer’s needs first.”

About Fly Alliance

Fly Alliance, headquartered in Orlando, FL., specializes in private jet charter, Jet Card membership, fractional ownership and aircraft sales/management. We are bringing your private jet travel to a new level. Our key management members adopt a top-down philosophy to ensure that all systems and direct reports are working efficiently and to maximize potential. It is paramount that our Sales, Flight Support, Sourcing and Operations teams are all operating intrinsically.

With a combined experience including over 200,000 flight hours dispatched, over 2,000 Jet Card members serviced and over 300 aircraft transactions, we have a solution for each one of our customers.

Our common goal is, and always will be, to Setting a New Standard!
